# Real Life Noni Stories

## Chronic Fatigue

Sandy, a 55 year old homemaker, had terrible chronic fatigue for over 20 years. She had daily joint pain, poor digestion, walking problems and chronic tiredness. Even her memory and mental clarity suffered. Sadly, she could not care for her family properly. After taking Noni, she went through a series of cleansings, and her chronic fatigue syndrome completely left. After 20 years, she is pain-free with lots of energy to take care of her family. Noni has changed her life.

## Bladder Problems

Cindy had cystitis for over 5 years, a common bladder disorder which causes burning upon urination with frequent embarrassing urges to urinate. Since taking Noni, Cindy's cystitis is history!

## Shoulder Pain

A 70-year-old woman had shoulder pain and stiffness for over 30 years. Physical therapy gave only temporary help. Recently she developed hip pain that kept her awake at night. After using Noni, she can now move her previously painful shoulder in any direction, her hip pain is gone and she sleeps and walks better.

## Menstrual Problems

Carol, a young businesswoman, had heavy bleeding and severe cramping with every menstrual period. After taking Noni, she now has normal bleeding with her periods and no cramping at all. She is amazed at her increased energy level.

## Torn Ligaments

One athletic man, Cliff, tore several ligaments in his right ankle and later, in his right knee. For 15 years, he had daily arthritis-like pain. Physical therapy gave no lasting results. Every day, just getting out of bed was very painful. It took almost half a day for him just to limber up. After only two weeks on Noni, Cliff was amazed to find the pain cleared and happily, has not returned since.

## Stiff Knee

One lady had a swollen knee for over a year. It became difficult for her to bend her knee at all. After using Noni for about a week, she noticed an unusual wet sensation on her swollen knee which felt like a cool breeze. The feeling lasted for a number of days. After another 2 weeks on Noni, the swelling in her knee cleared, leaving her with a normal knee again.

## Sinus Relief

One woman had a long history of serious sinus problems. She often experienced a painful congestion in her head, neck, throat and chest. After one month on Noni, she was amazed to find that her life-long sinus problems started to clear. A major blockage on her right side also eased up. Although she often had achey, flu-like symptoms, they completely cleared up after taking Noni. Chronic flu-like symptoms are often a long-standing infection the body has not been able to overcome.

## Addictions

An emergency room doctor was heavily addicted to both alcohol and cigarettes. He was continually fatigued and slept poorly at night. After taking Noni for about a month, he became more energetic, could sleep better and his mind became more focused. In just one month he was able to cut both his drinking and smoking by half. Seeing these great results, a friend decided to give Noni to her own son, who had been an alcoholic since his twenties. After about a month on Noni, her son said, "Mom, you know, I don't even want a drink."

## Depression

One 17-year-old teenager was deeply depressed and had tried to commit suicide several times. Although she was admitted to a psychiatric ward and given medication, her parents took her out of the hospital and stopped the drugs. Her concerned grandmother began giving the girl Noni every day. After awhile, the girl began to feel better emotionally, starting to laugh again and over time, she gradually resumed her normal life, no longer suffering from depression.

## Paralysis

Brian's father had become a paraplegic since a terrible accident in 1994. He could no longer move his legs or feet at all. Brian began giving his father Noni every day. After one month his father could move his right foot up and down. The doctors did not think any movement would be possible again. Both Brian and his father were encouraged to see how much more Noni could help.

## Headaches

Martha suffered from migraine headaches ever since she was a little girl. The headache would start as pressure in her temples and sinuses and then build until it was a giant, painful migraine. After one month on Noni, Martha's headaches completely stopped. Such unexpected dramatic relief she had never experienced before in her life. She was grateful beyond words.

## Virus Killer

After taking Noni for a short period of time, one man found that several large warts under his knee disappeared. Warts are usually caused by a virus. Noni contains an anti-viral compound called damnacanthol.

## T-Cell Boost

For over 40 years, a chiropractor had nagging low back pain. After taking Noni for 6 weeks, he was amazed to find that the pain disappeared and did not return. He recommended Noni to a friend with AIDs. Her T-cell count went from 169 up to an astonishing 400. He also recommended Noni to a relative who had lung cancer. After taking Noni, the size of the tumor began to decrease.

Several years ago, one of the chiropractor's patients had been traumatically injured in a car accident. Since then, the man had daily arthritic pain, especially in his knee. After using Noni, the pain in his knee left, then gradually his other joint pains decreased until today, he is now a happy, pain-free man. Special factors in Noni help open up the cell wall, allowing nutrients to be absorbed and waste material to be cleared from diseased and damaged cells. This helps to clear pain.

## Macular Degeneration

A medical doctor gave Noni to a patient with macular degeneration. Numerous ophthalmologists had not been able to stop the serious degeneration of her eyesight. After 3 weeks on Noni, the patient's ophthalmologist clinically documented regenerating cells in her eyes.

## Swollen Prostate

One medical doctor said she recommends Noni to her male patients who have swollen prostate glands. She found that after taking Noni, the men have decreased swelling in the prostate.
